Objective

Computer Science professional with a Master's degree in Computer Science and over three years of experience providing technical support, software development, research, and IT instruction. Skilled in troubleshooting hardware and software issues, programming in Python, SQL, PHP, DEEP LEARNING, and C/C++, maintaining computer systems, and assisting users with technical problems. Strong communication and problem-solving abilities with experience supporting students, faculty, and clients in educational and professional environments.

Experience

July 2022 - July 2024 | Graduate Researcher | King Mongkut's University of Technology Thonburi (KMUTT) Bangkok, Thailand

- Conducted master's research in deep learning and medical image classification using Python, TensorFlow, and PyTorch.
- Developed and evaluated AI models while processing and analyzing large image datasets.
- Troubleshoot software and programming issues throughout the research project.
- Collaborated with faculty researchers and published a research paper on AI-based COVID-19 chest X-ray classification.

January 2018 - July 2022 | Developer | BitKite Software Development Company Kandahar, Afghanistan

- Built and maintained websites and web applications to meet client and business needs.
- Collaborated with designers and other developers to create user-friendly interfaces.
- Managed databases using MySQL.
- Stayed up-to-date with new technologies and best practices in web development.
- Designed and developed responsive websites using HTML, CSS, PHP, and WordPress.

June 2019 - July 2021 | Instructor | Kandahar Multi-Disciplinary Institute Kandahar, Afghanistan

- Delivered lectures on web development, MySQL, PHP, and deep learning, while providing mentorship and academic guidance.
- Mentored students and helped develop individual projects.
- Guided students in understanding real-world applications of coding and database management.

September 2017 - October 2019 | IT Manager | Sherzad Mobile LTD. Kandahar, Afghanistan

- Managed data entry for accounting to ensure accurate financial records.
- Handled bookkeeping tasks to maintain organized financial documentation.
- Provided network solutions to ensure smooth and secure shop operations.
- Installed and configured new hardware and ensured system security.

Skills and Abilities

- Web Development: HTML, CSS3, JavaScript, PHP, Bootstrap, Python, WordPress
- Deep Learning Frameworks: TensorFlow, PyTorch, Scikit-learn, OpenCV
- Database Management: MySQL, MongoDB, SQLite
- Data Integration: Web Services
- Tools: GitHub, Moodle, Edmodo
- Excellent problem-solving, analytical, and organizational skills

Certifications

Intro to AI Ethics | **May 2023**
Computer Vision | **May 2023**
Time Series | **May 2023**
Python Certificate | **April 2023**
Intro to Machine Learning | **January 2023**
Microsoft Windows, Microsoft Office | **May 2011**

Networking & IT Support

Computer Hardware Troubleshooting
Software Installation & Configuration
Printer Configuration
Network Troubleshooting
Operating System Installation
Computer Maintenance

Education

Master's Degree in Computer Science

King Mongkut's University of Technology Thonburi (KMUTT), Bangkok, Thailand | **July 2022 - July 2024**

Bachelor's Degree in Computer Science

Benawa Institute of Higher Education, Kandahar, Afghanistan | **August 2016 - August 2020**

Achievements

July 2017 | Scholarship award certificate, demonstrating excellent academic performance

July 2022 | Appreciation letter and gold medal from university, achieved highest GPA (3.54)

Volunteer Experience:

June 2021 - June 2022 | Department of Computer Education, Kandahar University, Kandahar

Volunteer Lecturer,
Kandahar, Afghanistan

IT Volunteer

City Adult Learning Centre, Toronto, Canada | February 4, 2025 – May 10, 2025

Assisting students and staff with IT-related issues, troubleshooting software and hardware problems.
